## SIGNATURE PAGE – FACULTY-LED ANNUAL PROGRAM REVIEW

- 1. Annual program reviews are required by the Board of Regents of the University System of Georgia and serve as a way to improve the quality of the program for students and faculty.
- 2. After the program has concluded, please complete the program review questionnaire titled Template for EA Faculty Leader Annual Program Review.
- 3. Annual reviews are due within 14 days of the program end date. Since the annual review is a requirement for programs to continue to run, completing it on time allows the faculty, OI, and other units to plan for the next program cycle.
- 4. Only one review may be submitted per program, and all faculty involved in the program must sign off on the review.
- 5. Submit the completed review to OI at internationalization@ggc.edu.
- 6. If you have questions related to completing the review, do not hesitate to contact the Office of Internationalization.
